MARTINA SORMOVA TOMCOVA

AI Business Transformation Leader — Product & Program Management

Prague, Czech Republic (open to Remote EU / global remote) · martina.sorm@gmail.com · +420 702 191 083
linkedin.com/in/martina-sormova-975b63237 · martina-sormova.github.io

AI transformation leader with 15 years bridging business, product and data technology. I take processes spread across many teams, countries and board areas and rebuild them into AI-enhanced systems that measurably perform — then make the change stick through enablement, change management and executive alignment. Fluent across engineering, executive and end-user audiences: I write the developer tickets, present the same program to the board, and train the users on the result.

€45M+ annual savings delivered	**60%** faster deal execution	**19** global teams orchestrated	**80+** countries scaled	**130** Managing Partners AI-enabled	**0** audit findings (compliance automation)

EXPERIENCE

Team Manager, Business Consulting and SBN Operations — MEE Region
Apr 2026 – present

SAP Business Network, Prague

– Lead a team of business consultants advising enterprise customers on value realization from the SAP Business Network — network growth strategy, procurement optimization and adoption at scale.
– Authored the regional strategy repositioning the team from reactive delivery into an outcome-based strategic consulting practice (SWOT/TOWS, 3-9-12-month roadmap, succession model, upskilling academy).
– Designed an AI-augmentation roadmap deploying AI agents on routine work, releasing up to 20% of team capacity for high-value advisory.
– Full people leadership: hiring, performance, promotion and compensation decisions; resource forecasting and global capacity allocation.

Result: 5x growth in outreach success; 36% growth in deployment backlog.

AI Adoption Lead (Fellowship)
2025 – 2026

SAP Strategic Customer Program

– Led AI adoption for SAP's Managing Partners — the leaders of SAP's 150 largest customer accounts — with use cases built for their high-stakes, fast-paced roles; AI adoption roadmap aligned to go-to-market strategy.
– Redesigned the annual account-planning process around AI; defined agentic AI scenarios and agent orchestration from customer insight.
– Designed and ran AI training programs — prompt engineering, Joule & AI agents, MS Copilot — for technical and non-technical audiences.
– Established responsible-AI governance and ethics frameworks for deployment; KPIs, usage metrics and feedback loops.

Result: 130 Managing Partners AI-enabled and upskilled — community grown from 30 in 3 months.

Product Expert & Program Lead — Top 1000 Customers
2023 – 2025

SAP Corporate Processes & IT

– Owned end-to-end product lifecycle of a board-level AI transformation on SAP BTP: vision, roadmap, backlog (JIRA/Scrum), orchestration of 19 cross-board teams and hundreds of stakeholders.
– Technical delivery oversight of AI document intelligence on live enterprise data: retrieval-augmented (RAG) pipelines, LLM fine-tuning, Databricks lakehouse data pipelines and API integrations feeding real-time analytics.
– Drove change management, go-live and end-user enablement across legal, commercial, finance, security and operations; C-level program communication.

Result: €45M+ annual savings, 60% faster deal execution, 5,000+ manual transactions eliminated; two board-area awards.

Automation Lead & Global Process Owner (Senior Legal Counsel)
2021 – 2023

SAP

– Global templates owner for SAP Software & Support contracting across 80+ countries and 6 regions; automated contract-assembly tooling and workflow automation strategies.

– Led early AI/ML tools for contract work — clause drafting, risk scoring, deviation analysis — and Icertis CLM integration with enterprise systems.

Result: 6 regions harmonized; contract redlining reduced by 60%.

Head of Business Development & Operations, General Counsel (Board Member)

2010 – 2020

Bobycentrum Alfa a.s., Czech Republic — franchise company

– Board-level business development leadership of a franchise company: grew the franchise & partnership portfolio 10x; led sales, marketing, legal, operations, procurement and IT (7 direct, ~100 indirect reports).

– Digitalized the business end to end — automated contract and partnership workflows, CLM (DocuSign) and CRM integration, single source of truth across finance, HR and legal.

Result: 10x portfolio growth; 40% paralegal capacity freed; zero audit findings.

Earlier career

2002 – 2009

PREM Group (Dublin Area Sales Manager, Ireland) · Bobycentrum (Sales Manager)

– Key-account sales leadership and team mentoring in international hospitality; Salesforce CRM.
